

NAWAIDUR RAHMAN

Senior SharePoint Developer & Project Lead | SharePoint Online · SPFx · Power Platform · Microsoft 365

Bengaluru, India | +91 7631850198 | nawaid3929@gmail.com | <https://www.linkedin.com/in/nawaidur-rahman>

Notice Period: Immediate | Nationality: Indian | Open to relocate

SUMMARY

Senior SharePoint Developer & Project Lead with 8+ years delivering SharePoint Online, Microsoft 365, and Power Platform solutions for enterprise clients. Delivered 30+ client engagements, including enterprise intranets, document management systems (DMS), knowledge management portals, and custom business applications across manufacturing, banking, healthcare, and consumer goods.

As Project Lead, led a team of 4–5 developers and owned requirements, solution architecture, effort estimation, UAT, go-live, and support. Uses AI-assisted development (GitHub Copilot, Claude Code) to accelerate delivery. Available to join immediately and open to relocation.

EXPERIENCE (8+ YEARS)

Project Leader & Senior SharePoint Developer

Jul 2025 – Sep 2026

Enaviya Information Technologies Pvt. Ltd. — Bengaluru, India

- Led end-to-end delivery of SharePoint Online and Power Platform projects, covering project scoping, solution architecture, development, client communication, UAT, and production go-live.
- Managed a team of 4–5 developers across parallel projects: task allocation, code reviews, effort estimation, and UAT coordination.
- Served as main client contact for multiple concurrent engagements, including UAE, Indian and Gulf accounts.
- Introduced AI-assisted development (GitHub Copilot, Claude Code) into team workflows to speed up development, and productivity.

Senior SharePoint Developer

Aug 2022 – Jul 2025

Enaviya Information Technologies Pvt. Ltd. — Bengaluru, India

- Delivered SharePoint Online, Microsoft 365, and Power Platform solutions end to end, from requirements and solution design to deployment and support.
- Primary technical contact for clients: requirement workshops, feasibility analysis, solution walkthroughs, effort estimation, UAT, and sign-off.
- Built enterprise intranets, DMS, and knowledge portals with metadata-driven libraries, permissions, search, and approval workflows.
- Developed business apps with Power Apps (Canvas & Code Apps), Power Pages, and Power Automate, including forms, approvals, and portals.
- Mentored developers through code reviews, technical guidance, and issue resolution.

Software Engineer

Aug 2018 – Jul 2022

Enaviya Information Technologies Pvt. Ltd. — Bengaluru, India

- Developed dashboards, dynamic forms, approval apps, and trackers on SharePoint Lists/Libraries with Sharepoint Designer.
- Worked with Rest Api, JSOM, CSOM, CAML query, CEWP (Content Editor Web Part) and jQuery on SharePoint Online and Sharepoint on-premises environments.
- Automated site provisioning and permissions with PnP PowerShell and SharePoint Online Management Shell.
- Recognized as Employee of the Month (July 2020 and July 2021).

Trainee and Intern

Enaviya Information Technologies Pvt. Ltd. — Bengaluru, India (Trainee)

May 2018 – Jul 2018

Web Tech Labs Pvt. Ltd, Kolkata, India (Academic Training & Project)

Jul 2016 – Aug 2016

Cognizant Technology Solutions, Kolkata, India (Internship)

Jan 2016 – Feb 2016
